

Prorex - RP Flangeprotectors (selfadhesive rubber) ANSI Norm

- Nitril rubber—selfadhesive, resistant to oil, fuels, acids
- Sandblasting- & paint proof (max. +120° C) Ozon and UV stabil material)
- anti-residu adhesive (no residu after removal!)
- Other sizes / designs possible on request
- Standard Norm sizes we supply in **ANSI 1/2" bis 24" and DN10 bis DN600**
- Best protection for RF (rasied face)
- Smallest volume of stock and protected flanges can still be stapled!

Flangeprotectors ANSI
